To whom it may concern,

As a resident of the Lowcountry, I strongly oppose Dominion Energy's request to increase their rates by 7.7%. While my husband and I would be able to afford this hike, tens of thousands individuals living below the poverty line just in Charleston County alone will take the biggest hit from this small but significant increase in the energy rates. Please do the right thing and stick up for the people of South Carolina instead of this monopoly of a corporation, Dominion Energy. Thank you for taking the time to read my email.

Sincerely,
Rachel Kelley Barry
